DETAILS

It is a vantage point that few properties in this city can match — and the architecture makes absolutely certain you never forget it. Floor-to-ceiling glass runs the full width of both levels, placing the panorama front and centre whether you are waking up in the morning or watching the sun drop behind Robben Island in the evening.

THE SPACE

A modern duplex layout provides generous, well-proportioned space for up to six guests. Three en-suite bedrooms sit privately across the two floors, each finished with quality linens and unobstructed views. The open entertainment areas flow naturally from the indoor lounge and dining space out to the pool deck, where a private pool sits against the Cape Town skyline. A private lift, fully equipped kitchen, on-site washer, dedicated workspace and free on-premises parking round out a home built to feel entirely settled in from day one.

GREEN POINT

Green Point is one of Cape Town's most sought-after residential positions — flanked by Sea Point to the west and the City Bowl to the east, with the Atlantic laid out below. From the villa you are minutes on foot from the Sea Point Promenade, and a short drive from the sandy beaches of Clifton and Camps Bay. The V&A Waterfront — Cape Town's marina, restaurant hub, and Robben Island ferry terminal — is under ten minutes by car.

GETTING AROUND

Free on-premises parking is provided. The City Bowl, V&A Waterfront and Cape Town Stadium are all within a five to ten minute drive. Uber and Bolt operate reliably throughout the area, and MyCiTi bus routes connect Green Point to Sea Point, Camps Bay and the CBD.
